The DAR 50 – Year Club Committee honors the select group of Daughters who have been dues-paying members of NSDAR for 50 years or more.

On behalf of the National 50-Year Club, I will verify that these members have 50 total years of actual dues-paying membership with national headquarters. If so, they will be invited to join the 50-Year Club via their Regents as soon as the actual 50 year date arrives.

Chapter Regents, I need the names and national numbers for these ladies.

Eligible Daughters will be recognized at State Conference.

For questions about this committee, please contact the chair.
