The Community Service Awards Committee was established by the National Board of Management in April 1995 as an opportunity for chapters and states to recognize worthy individuals and organizations for outstanding unpaid voluntary achievements in cultural, educational, humanitarian, patriotic, historical, citizenship, or environmental conservation endeavors. A chapter may present two (2) awards per NSDAR year (January 1 – December 31).

### **Please Note:**

- **The state chair of the Community Service Awards Committee administers the award process. The recipient should not be recognized until approval has been received from the state chair.**
- **Community Service Awards are chapter or state awards of recognition. They are not contests. There is no competitive judging on any level.**
- **If a potential award recipient is identified in another state, please notify the State Regent in that state rather than initiate the award yourself.**

Each chapter may present up to two awards per calendar year. Consider using one award to recognize a worthy individual or organization in your community and presenting the other to a member of your chapter for work outside of DAR.
