

JAC Committee Important Information

From: Georgia McGill, JAC State Committee Chairman

1. Please use this email address only to send information: georgiamcgill@gmail.com. My cell number is 870-391-6959. If I do not answer, please leave me a message and I will get back with you via the phone or email as soon as I can!
2. Please READ all the information found in the SIP. There are a few slight changes from last year.
3. The theme is "The 400th Anniversary of the Mayflower: Rise and Shine for New Opportunities in a New Land." Follow the instructions provided in the SIP. If it is an entry of multiple grade levels-like for the banner or the Community Service project, the entry will be entered at the HIGHEST grade level.
4. One critical thing=Please send all the entries to me electronically. Please send a picture of the entry form as well. The entry will be disqualified for lack of an entry form. If you have a large number of entries, put them on a flash drive and mail it to me, including your statistical report.
5. Send also a statistical report as to the number of schools contacted, number of student contacted and a list of your chapter winners. Please include which level the winners are.
6. Please have all your winning entries sent to me by December 15. I can hopefully get them on their way to division well before the deadline.
7. Last years, we had the SC Division winners before State Conference. If that is the case, all State winners and Division winner Certificates will be at State Conference for you to pick up. Any National winners will be mailed to me when they are processed and I will do my best to get them to you as quickly as possible. My mailing address is 2710 Dry Branch Drive, Harrison, AR 72601. Please drop me an email or call me and let me know to expect the letter!

Please let me hear from you if you have any questions!

Georgia McGill

JAC State Chairman
